

VINE Sideboard

Designer: Frank Jiang

Year: 2019

DESCRIPTION

The Vine sideboard is characterized by a wooden structure with embedded glass elements, an interesting play of volumes that creates architectural solids and voids. Leather applications on the structure and on the doors give value to the storage unit, also equipped with internal LED lighting. Vine sideboard is available in different finishes as per sample book.

The company reserves the right to make changes to the models without notice. The information given here is based on the latest data published on the price list.
